Form EI-12

Child's name | Child's DOB | Parent name(s) | ETID number

Documentation of Diagnosed Condition

I give consent for this form to be sent to my medical professional in order to obtain documentation of my child's diagnosis and impact on development.

Parent signature | Date

Dear medical professional — Under the state and federal requirements for eligibility under Part C of the Individuals with Disabilities Education Act (IDEA), most medical diagnoses do not result in automatic eligibility for Early Intervention (EI). However, a professional licensed to diagnose and treat mental or physical conditions may determine that a diagnosed condition for the particular child is likely to result in a developmental delay. The EI team will then conduct a comprehensive assessment to determine the child's program needs. **In order for EI eligibility to be determined using this form, all fields must be completed.**

Please state the child's specific diagnosis in the box. Do **not** include "global delay," "developmental delay," or developmental concerns, such as "speech concerns."

☐ I suspect that this child's medical condition is likely to result in a developmental delay in at least one of the following developmental areas (check all that apply)

- ◯ Communication
- ◯ Social/emotional
- ◯ Motor
- ◯ Adaptive/self-care/independence
- ◯ Vision
- ◯ Cognitive/problem solving
- ◯ Hearing
- ◯ Other (specify) _____

Comments (optional)

☐ I do **not** have a reason to believe that this child's medical condition is likely to result in a developmental delay. However, I understand that the parent and child still have the right to a developmental evaluation to determine eligibility.
